STAT

6. (Internal Use Only - GLC) Mr. Sokas, in the Legislative Reference Service of the Library of Congress, called and requested information on [redacted] a Cuban refugee. After determining from the Liaison Division of OCR just what our liaison contacts with the Library of Congress were, Mr. Sokas was advised that an inquiry of this sort should be directed to the Agency through the office of General Webb, Chief of the Stack and Reader Division of the Library of Congress.

7. (Internal Use Only - GLC) I advised Mr. Al Pierce, on the staff of the Joint Committee on Defense Production, that we believe we have located the document which he had requested (see Journal of 28 February 1961) and that it would be forwarded to him within the next few days. Mr. Pierce advised that for our information, he and the other members of the Committee staff had Department of Defense clearances.

8. (Internal Use Only - GLC) Mr. Martin Claussen called to say that he had received an inquiry from the NEW YORK TIMES concerning today's hearings by the House Rules Committee on the Joint Intelligence Committee Proposals. Among other things, Mr. Claussen was asked whether any congressional committee is apprised of the Agency's overall budget figure. It was suggested to Mr. Claussen that he reply to this question by referring to the statements made by Representative Clarence Cannon (D., Mo.) and Representative John Taber (R., N. Y.) at the time of the U-2 incident as to their position on Agency matters. Mr. Claussen agreed with this suggestion.
